CAML TOMLIN BELLY SHOWER

The CAML-TOMLIN "Belly" shower, which is made in Waterloo, has been our #1 selling corner shower for over 5 years.

It measures 36" along the walls "bellies" out to 40 1/2" on the sides. The super round shape means the base is 47" out perpendicular from the corner. This is farther than a 42" Neo-Angle and allows for maximum elbow room inside.

We stock the base and single slider door with clear glass in Chrome or Brushed Nickel. There are 1Pc and 2 Pc acrylic wall options available.

BASE, DOOR & DRAIN

For Tile or Cultured Marble panels etc.

1 Pc ACRYLIC

Mostly for New Construction

2 Pc ACRYLIC

Same design as the 1Pc for Renovations

3 Pc ACRYLIC

Traditional Sectional design for Renovations
